Beyond Boundaries

Ally Law firms provide sophisticated legal services to major corporations, with a sharp focus on value and efficiency. Our 70+ firms include nearly 3,000 lawyers in 100 business centers worldwide. Each has been subject to a rigorous vetting process and many are ranked by important guides including Chambers, Legal 500 and Best Lawyers.

Ally Law's unique business model offers corporate clients **distinct advantages**. Our firms are indigenous in their respective jurisdictions, with a deep understanding about the local business climate and culture. Rates are set according to the local market conditions. This provides efficiency and agility in response for our clients.

Ally Law firms share a commitment to the highest levels of practice and service. We systematically request feedback on projects, matters, files or cases and take swift action to address concerns expressed through this process, up to and including severing our relationship with any firm that does not uphold our service standards.

Ally Law firms are in more than 52 countries across North America, Europe, China and Australia.

Our firms offer a range of services including corporate and securities, environmental, intellectual property, employment and benefits, government and regulatory, litigation and tax. Ally Law firms also have exceptional depth in key industry sectors, for example, healthcare, leisure and hospitality, real property and construction, retail, and technology.

Ally Law has its origins in the International Alliance of Law Firms, a premier global network founded 30 years ago. Through the Alliance, many Ally Law member firms and lawyers have worked together for decades, building relationships that are as deep, longstanding and rewarding as those we enjoy with our clients.

Our firms are indigenous in their respective jurisdictions, with a deep understanding about the local business climate and culture.
